Who we are!

Mission: As a learning community Riverstone Public School is dedicated to supporting and honouring all students on their individual journeys of becoming engaged citizens.

Vision: Riverstone will develop engaged, empathetic responsible community members through quality learning opportunities.

Kindergarten – Gr 8

710 Students

72 Staff

School Council our Partners in Education

Meets the third Wednesday of every month at 7:00 pm

At Riverstone Public School we...

... are excited to serve children within formal boundaries of the GPPSD including, Countryside North, Signature Falls, Creekside, Cobblestone, and Riverstone. We also have students attending our school from the recently annexed areas in the northeast region around Grande Prairie. We continue to offer KinderPAL program this year. KinderPAL is an early learning program of choice for kindergarten-age students. The program provides an all-day – everyday learning where a child has regular kindergarten programming from a certified teacher for half a day and the other half is the KinderPAL experience; play and learn. Additionally, the YMCA offers onsite: KinderCare, Younger Years, in addition to before and after school programs. Our School Council and the Riverstone Playground Association are extremely active and visible in the school. Council meets on the 3rd Wednesday of the month and are instrumental in supporting our efforts to achieve excellence in education and foster responsible citizenship.

We emphasize academic success for all students while providing a wide range of learning experiences. In addition to our core classes, we offer complementary courses including French as a Second Language (Grades 4 to 8), and a variety of option classes for Grade 7 and 8 students. Many students have embraced opportunities and expressed interest in extracurricular sports teams and clubs.

Become part of our community as we become a part of yours!

Our Education Plan is focused on:

Priority: Teaching and Learning	
<p>Outcome: Fostering and supporting optimal learning (planning, assessment, and instruction) that supports the diverse learning needs of students.</p>	<p>Evidence (What we will see)</p> <ul style="list-style-type: none">➤ Teacher long and short-range plans outline supports for diverse learning needs
<p>Strategies (What we will do)</p> <ul style="list-style-type: none">➤ Enriching staff capacities through professional learning to create optimum learning by:<ul style="list-style-type: none">○ Focusing on instruction that is informed by assessment.○ Designing lessons that incorporate a variety of methods to support student understanding.○ A variety of ways for students to demonstrate their learning.○ Designing short and medium range plans that address new curriculums.➤ Supporting student achievement through assessment and classroom differentiation.<ul style="list-style-type: none">○ Intervention plans for students who continue to work toward grade level understanding.○ Students are provided with daily literacy and numeracy instruction.○ Assessment guides instructional decisions.➤ Strengthen the collaborative process with parents to inform IPP goals and progress.	<p>Look for: connects to curriculum, varied instructional strategies, assessments that provide clarity for responsive planning.</p> <ul style="list-style-type: none">➤ Teachers' planning and instruction includes a response to student assessment evidence. <p>Look for: pre teaching, small grouping instruction, reteaching, scaffolding, re-testing.</p> <ul style="list-style-type: none">➤ Student growth is shown through achievement measures which include provincial, division and classroom assessments, and the percentage of students meeting IPP goals.➤ Increase in parent satisfaction with learning supports.

Priority: Belonging

Outcome: Riverstone is a welcoming, caring, respectful and safe environment that supports the social emotional learning of all students.

Strategies (What we will do)

- Explicit social emotional learning instruction is embedded in planning, instruction, and school culture
- Staff professional learning time to strategically implement SEL teacher planning continuum.
- School wide wellness is a priority for staff and students.
- Communication between school and home builds assurance
- New Assemblies format – Using Classroom Champions to introduce wellness curriculum as monthly themes. Read Alouds to increase student sense of belonging and promote representation. Inviting parents of soaring students to the assembly to share in student recognition.

Evidence

(What we will see)

- Increase in student's ability to:
 - Identify and manage ones' emotions
 - Understand other's perspectives
 - Understand and express gratitude
 - Understand the characteristics of a healthy relationship
- Students continue to increase their participation in school clubs, teams or student leadership opportunities.
- Provincial and Divisional Assurance Survey results (parents, students, staff).
